	Question: Comments on course effectiveness
	I loved the code clinics because we got a hands-on approach.
	This was a very useful and straightforward class. My only complaint is that the lab and computers were unreliable and absolutely horrible. We deserve higher quality technology in the communication department.
	The structure and textbook made it easy to follow along
	Question: Instructor Comments
GEHL	I loved this class, thanks Rob!
GEHL	Professor Gehl was fantastic- he is patient, organized, helpful, and understands the frustrations of learning web design so he knows how to talk to students in a way that is encouraging and never demeaning. He did an excellent job despite the low-quality equipment we were using.
GEHL	Gehl was hilarious and brought a unique sense of humor to a class I was worried about being dry and dull. He new his stuff. He was able to help students without hesitation.
