	Question: Comments on course effectiveness
	Not a fan of group discussions, but learned so much from the class.
	Materials were available to work on in advance which is much appreciated. All materials were relevant and up to date and important to current technological details in communication.
	Course material was AWESOME! I love the subjects and thought the information was super relevant and learned a lot. Great course
	Selected readings and lectures, outside resources such as videos/field trips. Time allotted for reflection/discussion of materials proved essential and very beneficial.
	Lots of academic materials available for students Sources that met well with the course objectives
	Each section of the course helped with the 3 papers we had to write The readings can be dense but once the course gets going you begin to understand them
	I learned a ton in this class and the topics were fascinating There wasn't much incentive to come to class...I came often but noticed a lot of kids didn't
	Question: Instructor Comments
GEHL	He was always helpful if you didn't understand something and brought humor to the classroom.
GEHL	Appreciated the flexibility of the course schedule. Overall just very effective and I learned a lot.
GEHL	Gehl made intimidating concepts and theories easy and interesting to understand by providing interesting and relatable articles for the class to read each week. He answered questions throughoutly and made the class interesting and engaging.
GEHL	Kept the class engaged and made material fun and interesting to learn about. A lot of reading and thought some were a little overwhelming, but overall very effective professor and taught me a lot. Knowledgeable about all topics and enjoyed coming to class.
GEHL	Always prepared, encouraged discussion, and just plain knew the material he was teaching. Connected ideas to real world examples in an effective manner. If he didn't have an answer, he'd find one. Maintained excellent communication, worked around student schedules to remain accessible for questions, and promoted genuine engagement and learning.
GEHL	For as much as I hated the subject of this class, Rob did an excellent job at keeping course work relevant and interesting. Also he was always available to meet or answer questions through email, gave good feedback, and seemed to genuinely care about what we wanted to learn about and shaped the end of the semester to our interests.
GEHL	Encouraged students to participate individually and in groups challenged students think critically
GEHL	I talked to multiple students who all agree this is a really smart teacher. I was very impressed with this teacher
GEHL	Rob is passionate about what he teaches He's open to new ideas and allowed for thoughtful class discussions
GEHL	Rob is hilarious and the class was always fun
