	Question: Comments on course effectiveness
	Rob was a great teacher. I knew nothing going in to this class about web design, therefore was initially intimidated, but Rob was great about meeting the needs of each student in the class room and making the course content approachable. Two things I liked most were - Rob, and his natural ability to teach, and the very practical and relevant end goal of the course, to design a web site as if we were really clients and developers. My only suggestion for improvement would be to update lab computers.
	The course textbooks are relevant and effective. The computer lab machines provided some challenges with unpredictable computer behavior, including numerous machines frequently not working.
	Question: Instructor Comments
GEHL	Rob understood how to communicate complex ideas to students who were completely beginners. I also enjoyed Rob's enthusiasm and personality. it is always refreshing to get a teacher who enjoys being around students and teaching them in a very fun, productive, positive environment.
GEHL	Robert Gehl is a great instructor.He is knowledgable and engaging. He responds quickly to emails, and he provides the infrastructure and support to ensure student success.(Depending on student effort.)
